## Top News

Our partner nonprofit, Building Our Own Community (BOOC), continues to make powerful strides. A major pillar of this work is **PROJECT RESTORATION**, developed by Bishop Lance Davis. This initiative links historical and modern experiences, intergenerational connections, and resource development in the U.S. and Ghana—with the goal of restoring identity and promoting mental wellness in partnership with Sankofa US.

## Our Growth & Success in 2025

What a year 2025 has been! We completed a record-setting year with **13 TOURS** with over 200 travelers! That was an incredible 20% increase in travel attendance.

Each journey to Ghana has been made meaningful because of you— in our growing community of travelers committed to learning, healing, resetting and reconnecting.

As we continue to expand, we're strengthening our team and enhancing the experience you receive every step of the way.
